

Animal Sidekicks

In **Time Travelling with a Hamster**, Al takes his hamster with him for his journey back in time.

Imagine you have your own animal side-kick and what adventures you will have together!

First, think about your sidekick. This might be your pet dog, rabbit or hamster if you have one... or it could be a completely imagined sidekick like your very own friendly tiger or eagle buddy!

Next, think about what adventures you might go on together. Will you be a detective duo that solves crimes? Or perhaps you will teach your sidekick lots of clever tricks like how to dance or play video games!

Write or draw yourself with your sidekick and write down the adventures you have – or tell the story of your adventures to someone else.
